

REMARKS

The amendments to the claims herein are with respect to the claim language as amended by Examiner's Amendment. No new matter has been added.

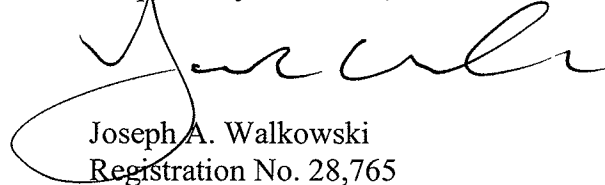

Applicant has amended claim 23, line 2, to change the spelling of "catalysing" to "catalyzing" for consistency with the rest of the claims.

Applicant has amended claim 27, line 9, to delete "at least one" for proper antecedent basis in light of the Examiner's Amendment made to delete the same language earlier in the claim.

To clarify the record, Applicant also notes that the Examiner, in the Examiner's Amendment, in claim 27, last line, inserted the word "annular," which word Applicant had deleted in the prior amendment of November 20, 2009 but without underlining the inserted word "annular." Applicant concurs with the insertion of "annular" in the last line of claim 27, and the word appears in the last line of claim 27 as set forth in this 312 Amendment.

Should the Examiner have any questions or concerns, he is respectfully invited to contact Applicant's undersigned attorney at his convenience.

Respectfully submitted,
